EXPERIENCE

SIH

September 2024

Participant

- Developed a website to promote Indian tourism. Anyone can see the information of any city and their famous places.
- Led to increase in awareness about the richness of India to students and professors

IEEE Megaproject

January 2025

Participant

- Developed a cycle selling website where college students can list their cycles.
- Instead of finding cycles through WhatsApp groups, students can easily find them in one place with a lot of options to choose with and direct contact to the sellers

PROJECTS

Portfolio / NextJs

Live link / [GitHub](#)

- Created a Portfolio website so that I can share it with anyone whenever needed and they can see my details in an interactive manner.
- Built the UI/UX with the help of Figma so that it looks pleasing and appealing.
- Deployed it on Vercel for easy access.

Quiz Website / HTML, CSS, JS

Live link / [GitHub](#)

- Created a Quiz website for students and teachers.
- Students can come and give quiz to evaluate their performance.
- Deployed on Vercel for easy access.
